As part of a new project for 2014, the Development Policy Centre is looking for stories about Australian aid. Our aim is to put together a body of information on aid activities that have Australian links and that, according to members of our readership group, are for some reason notable.

Australian aid stories: give us your ripping yarns

Knitting is a method by which yarn is manipulated to create a textile or fabric for use in many types of garments.. Knitting creates multiple loops of yarn, called stitches, in a line or tube. Knitting has multiple active stitches on the needle at one time. Knitted fabric consists of a number of consecutive rows of intermeshing of loops.
