If God knows in advance that S will do A, then S will do A and it cannot be otherwise. Craig's truck is with that last little bit - it can't be otherwise. Craig's insistence that the Bible be used in philosophical theology is refreshing a Craig is partly responsible for the re-emergence of molinism and this book is an early presentation of his view.

circumstance. God knows what action a person would freely choose. Craig explains this concept further by using three separate moments of God's knowledge that He had prior to His decree of an action or decision. The first moment of divine knowledge is called natural knowledge. In this moment God knows all the outcomes that could possibly occur.
